

Dear Parents/Guardians:

This year, Splendor ISD will be providing your child's report cards online through Skyward's "Family Access" account. Parents/Guardians can log in to Family Access by clicking [here](#).

You can also access Family Access from the District's website under the Parents tab and then click on Family Access. Once you log into Family Access choose the report card icon to see the attachment of the most recent report card for your child. Click the link [HERE](#) to see a video about reviewing your child's report card.

If you do not remember your login or password, click on "forgot my username/password." Type in your email address to receive a username and/or type in your username to reset the password. An email will be sent to the email address on file with information and the link to reset and login.

If you have never created your Family Access account you will need to contact your campus registrar or our district PEIMS coordinator to ensure we have your email address for your student/s in our system. Their contact information can be found by clicking on the link [HERE](#). The registrar will send the Family Access welcome email with directions on setting up your Family Access account.
